

Plug Assembly

Socket Assembly

Plug Maintenance:

1. Separate the coupler halves by unscrewing the pipe thread adapter from the coupler front body.
2. Secure the coupler front body in a soft-jaw vice.
3. Use a sharp, hook-end pick to pry the spring circlip from the rear of the body.
4. Withdraw the circlip, flat washer, spring, and valve body from the coupler.
5. Remove the large o-ring from the rear of the coupler body.
6. Remove the small o-ring from the valve body.

- Reassembly is the reversal of the above.
- During reassembly use new seals when possible.
- Lubricate the new seals and coupler bore with grease (NLGI-2)
- When re-mounting the coupler, tighten the front and rear halves to the torque recommended on the particular module's 9630 drawing.

Socket Maintenance:

1. Separate the coupler halves by unscrewing the pipe thread adapter from the coupler front body.
2. Secure the coupler front body in a soft-jaw vice.
3. Use a sharp, hook-end pick to pry the spring circlip from the rear of the body.
4. Withdraw the circlip, valve body, spring, and sleeve from the coupler.
5. Remove the large o-ring from the rear of the coupler body.
6. Remove the small o-ring from the valve body.
7. Remove the medium o-ring from the bore of the coupler front body.

- Reassembly is the reversal of the above.
- During reassembly use new seals when possible.
- Lubricate the new seals and coupler bore with grease (NLGI-2)
- When re-mounting the coupler, tighten the front and rear halves to the torque recommended on the particular module's 9630 drawing.

Item	Description
1	Pipe Thread Adapter, Plug
2	Spring Circlip, Plug
3	Flat Washer, Plug
4	Spring, Plug
5	Valve Body, Plug
6	Small O-Ring, Plug
7	Large O-Ring, Plug
8	Coupler Front Body, Plug

Item	Description
9	Pipe Thread Adapter, Socket
10	Spring Circlip, Socket
11	Valve Body, Socket
12	Small O-Ring, Socket
13	Spring, Socket
14	Sleeve, Socket
15	Large O-Ring, Socket
16	Coupler Front Body, Socket
17	Medium O-Ring, Socket

- Notes:
- Internal springs are under pressure. **Wear eye protection during maintenance.**
 - Circlip removal and installation will be easier with help from an assistant.

NOTES: UNLESS OTHERWISE SPECIFIED.

DO NOT SCALE DRAWING. ALL DIMENSIONS ARE IN MILLIMETERS.
